CAREER SUMMARY

Throughout my career as a Web and Graphic Designer, I have gained experience across various industries, including online gaming, outsourcing, and e-commerce. I have designed landing pages and digital assets for international clients, created website for US businesses and worked in both remote and onsite environments. These experiences have strengthened my design expertise, adaptability, communication, and problem-solving skills. I am confident in my ability to deliver high-quality work and contribute effectively to a team, while remaining eager to learn new tools, techniques, and industry best practices to continue growing as a designer.
